Random facts about September

It's a new month, well, one week into the new month so lets look at some Random Facts about September.

According to the *Georgian calendar*, September is the ninth month. But, on the Roman calendar, it was the seventh month. September has had 29 days, and 31 days; but, since the time of the emperor Augustus, it has had only 30 days.

September is one of the warmest months in the Southern United States. Northern states have warm September days, but the nights get much cooler. It is also harvest time for crops. And, in Switzerland, it's called Harvest Month.

Five Jewish holidays are celebrated in September or early October. They are Rosh Ha-Shanah, or New Year; Tzom Gedaliah, a fast day; Yom Kippur, the Day of Atonement; Sukkot, the Feast of Tabernacles; and Simhat Torah, a day of rejoicing.

On September 17th, both Citizenship Day and Constitution Day are observed in the United States. Mexicans and many Mexican-Americans will celebrate the Mexican Independence days on September 15 and 16.
